VOLUME CVI.---NO. 18. ALEXANDRIA, VA., SATURDAY EVENING, JANUARY 21, 1905. PRICE 2 CENTS.

Who would exchange the merry noise of children at play, with the childless home where the clock tick can be heard hour after hour in the dull silence? But there

are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Doctor Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I can truly say your medicine is a friend of mine," writes Mrs. Arthur Bratt, of Amherstburg, Ontario, Canada. "I am mother of four children and suffered greatly at times of birth of first three. When three months along with the last one I began to think of trying some medicine to ease those terrible pains, and asked our doctor whether there was anything he could give me to lessen labor pains. He said there was nothing that could help me. I then thought I would write to Dr. Pierce. He advised me to take his 'Favorite Prescription.' I started to take it at fourth month. I was very weak, had heart trouble and would faint away two or three times a day. Our doctor could not help me and life was a drag. I would often say, oh, if I could only die in one of these spells; but I took five bottles of 'Favorite Prescription' and felt better every way. Got along well at the time of delivery. I had heard of painless childbirth, and I thought it must be a good medicine that would help those pains, but I know now for myself, and can not tell it plain enough. Your 'Favorite Prescription' is the best medicine as we mothers know. I advise my friends to try it. Baby is now four months old and is a strong healthy boy."

FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed the root will shoot up and the hair grow long as several Stein's sample will convince any lady who sends 10c. Herpicide is an indispensable toilet requisite. If your hair needs no oil or grease, it will not stand it. Only by killing dandruff. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SITUATION IN RUSSIA.

A dispatch from St. Petersburg, dated 2:30 this morning, says that with the Russian capital seemingly on the verge of an incipient revolution, thousands of workmen parading the streets, agitators and fanatics sowing the seeds of disorder, half the city in darkness and without fire protection owing to walkouts, the situation was hourly growing more tense when the authorities decided last night to adopt energetic measures to preserve order, prevent rioting and overawe the violent-minded, at the same time seeking to placate the striking workmen by offering satisfaction of their demands in so far as they are just and reasonable, thus acting with combined firmness and moderation.

The government last night augmented the garrison of the city with 2,500 cavalry and 1,000 infantry from Tsarkoe Selo, and filled the streets, especially in the disaffected quarter, with heavy patrols of soldiers.

The refusal to permit the delegation of workmen to present a petition to Emperor Nicholas at Tsarkoe Selo has made it known that the great demonstration planned for Sunday, with its unlimited possibilities for an outbreak, will not be permitted to take place.

At the same time, acting in conjunction with a conference of employers, it has been determined to offer concessions in the terms of employment which the employers declared the great majority of the workingmen would be inclined to accept if they were guaranteed protection from the more violent factions.

Late last night it was reported that Father Gapon, the leader of the fellow men, had been secretly spirited away from his bodyguard and taken into custody in furtherance of the plan to disorganize the elements that are threatening the peace of the city.

The authorities believe that by these steps they have the situation well in hand, and announce that they expect a peaceful solution of the problem.

The situation had entered an acute stage yesterday, and the strike had assumed an open political phase. The day was one of intense excitement. Mill after mill and factory after factory closed. Throngs of workmen paraded the streets, and when their colleagues refused to join them broke down gates and forced out the men. The whole industrial center is idle.

All the textile mills and every printing office in St. Petersburg are closed. One electric light plant and one water plant have shut down and over 100,000 men are out.

Throughout the day workmen's meetings were held, at which incendiary speeches were made, the wildest threats being uttered as to what would come in the event of the authorities and employers failing to meet their demands. The nervousness and dread of what the next few days might bring forth was increased by reports that the workmen of Moscow, Kieff, Kharkoff, Kishineff and other large cities in the interior might join the movement.

While the government and employers temporized the telegraphers and railroad employes threatened to join the walkout, paralyzing the communications of the country. Many foreigners are preparing to send their families abroad. Every newspaper in St. Petersburg has been forced to suspend publication owing to the strike.

The suddenness of the strike and the far-reaching nature of the workmen's organization was largely a surprise to the government and employers. Starting with the walkout of the few thousand employes of the Putiloff Iron Works, due to purely industrial causes, it spread as rapidly as a conflagration through the laboring classes.

The petition which the strikers desire to present to the Czar is substantially as follows:

"We are treated, not as men, but as slaves, who ought to bear their cruel fate in silence.

"Uninstructed, stifled by destitution and injustice, we are perishing.

"We have arrived at the extreme limit of endurance; we have reached the terrible moment when death is to be preferred to a continuation of our intolerable sufferings.

"The bureaucracy has been luring the country to its downfall.

"Free thy people; order that they may rule the country with thee.

"If thou leavest us in this position, we prefer to die."

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick, of Colusa, Calif, writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by E. S. Leadbeater & Sons, druggists.

NEWBRO'S HERPICIDE

AN EXQUISITE HAIR DRESSING.

THE ORIGINAL REMEDY THAT "KILLS THE DANDRUFF GERM."

SOME MEN DON'T CARE. Some men are so indifferent to hair loss that they pay no attention whatever to dandruff and and itching scalp. But, later, when incurable baldness comes they will waste time and money in a vain endeavor to overcome the result of their own neglect.

THERE WAS A TIME. There was a time when it was considered quite proper to ridicule and make light of the germ theory but it isn't good taste to do it now, when municipal governments are sending for scientific men to suppress germ contagion. Prof. Unna (ask your doctor about him) was the first to discover the dandruff microbe and now dermatologists the world over know that true dandruff is a contagious disease caused by a germ.

THE GUINEA-PIG PROVED IT. Drs. Lassar and Bishop, both noted scientists, took dandruff scales from the head of a student who was losing his hair and having made a promade of them with vaseline, rubbed the same upon a guinea-pig and the pig became bald. (See George Thomas Jackson, M. D., on Diseases of Skin, 4th Edition.) Newbro's Herpicide should be used at the first suggestion of dandruff or itching scalp. It prevents scalp inection, robs the public hair brush of its power to do harm, and never fails to cure dandruff and stop falling hair.

THE LADIES KNOW. The ladies are quick to discover any diseased condition of the hair, for with them the natural impulse of preservation applies particular to Nature's Charming Adornment. When the hair becomes dull, brittle or lusterless it shows that the dandruff microbe has planted itself in the scalp and is sapping the hair's vitality. In time it will cause dandruff, itching scalp and falling hair. This condition calls for the immdiate use of Newbro's Herpicide. The wonderful effect of the first application shows that it will destroy the cause after which the hair will grow as nature intended.

DISEASED HAIR EFFECTS FACIAL EXPRESSION. The face is a mirror of the mind and many women lose their youthful appearance by brooding over some physical misfortune that might be remedied. Lasting beauty comes from the consciousness that both hair and skin are perfectly healthy, as nature gave them, and this form of beauty shows through even the most irregular features. A womad may be perfect in form and her complexion may rival the color of the rose, but if it is her misfortune to have scant or lifeless hair, that misfortune will continually wound her pride, and be reflected in her face. To such women Herpicide is a positive delight. It gives confidence by quickly producing the "correct" effect. Makes the hair light, fluffy and gives it an indescribable charm. A single trial will convince. Contans no oil or grease, will not stain or dye.

STOPS ITCHING OF THE SCALP INSTANTLY.

NEW GROWTH OF HAIR.

I have used three bottles of Herpicide in one month and my hair has stopped falling out and new hair is growing where there was none. I will recommend it to my friends. (Signed) H. C. SWINK,
Cedar Springs, S. C.

AN HERPICIDE FOLLOWER.

I find Herpicide a standard remedy for the hair and I [illegible] use it. I have also told a great many [illegible] about it.

She lived entirely on warm water. After taking two bottles of Kodol Dyspepsia Cure she was entirely cured. She now eats heartily and is in good health. I am glad to say Kodol gave me instant relief." Alexandria Gazette AND VIRGINIA ADVERTISER

SATURDAY EVENING, JAN. 21, 1905

THE SOCIALISTS of Europe, as has often been suggested, have watched many years for the appearance of a hobby. They have kept their eyes recently upon the laboring classes, and indirectly have aided materially in fomenting the strifes which are now shaking the foundations of the bureaucracy of Russia and menacing the peace of Germany. Chancellor von Buelow in the German Reichstag yesterday, while referring to the present unsettled conditions in his country, aroused energetic protests from the socialist members by asserting that trade unions in Germany had not sprung from economic but from political motives. He said it was necessary that the labor movement should be divorced from party politics. He alleged that the socialists were using the strike merely as a means of fomenting hate and intensifying class warfare in the interests of the party. The times are not ripe for such a fusion in the United States, but that they are heading up in that direction is apparent to many. Russia is now the storm centre, while clouds of greater dimensions than a man's hand are visible from the sea and waves which are now surging in Germany and elsewhere. There is every reason to believe that nihilists and socialists are taking advantage of present conditions in Russia to break up the government of the Czar, and they may possibly succeed, in which event a prairie fire of red republicanism may spread over Europe. There is no positive assurance that it will not cross the Atlantic.

MR. THOMAS W. LAWSON widens the scope of his war upon the Standard Oil Company in his last article on "Frenzied Finance," by attacking two of J. Pierpont Morgan's gigantic creations, the steel trust and the steamship trust. He also assails the sugar trust, the creation of the Havemeyers, and the tobacco trust, in which Thomas F. Ryan is one of the dominant factors. He includes these as well as Amalgamated Copper and other strictly Standard Oil properties, in what he calls "The System," and in comparing the latter with the Louisiana lottery, he declares:

Between the two the difference is in favor of the Louisiana lottery, for both are gambles, and the lottery game was square. In the height of its prosperity the Louisiana lottery only took from the people a paltry ten or twenty million dollars a year, while today there is a single group of banks, trust companies, corporations and trusts which take from the people by might, by trick and by theft, hundreds of millions each year and there are scores of such groups. The sugar trust has been the instrument of gathering in one year a hundred millions of the people's savings and the steel trust alone has robbed the people of over five hundred millions of dollars in a single twelve months.

THE Philadelphia papers are complaining that because the wholesale dealers in meats desire to "strengthen the market," in compliance with orders from the trust, consumers in that city must pay one or two cents more than they have been paying, the wholesale prices having been advanced a half-cent a pound. It is admitted that the supply of beef, veal and mutton is ample, but receivers of supplies from the big western packers declare they must get better prices or lose money. The demands of the western packers are outrageous but will continue so long as the beef trust lasts. Last year this trust, as shown by the figures of its business, bought its cattle for less than in previous years and sold its beef for more, while it reduced the wages it paid.

THE United States Bureau of Labor has compiled reports from 25,440 families in thirty-three States. In the North Atlantic States more than 9 per cent. of the wives are at work; in the South Atlantic, 14 per cent.; in the Middle West 6 per cent., and in the Far West, 3 per cent. In the whole country 8.68 per cent. are bread winners. Of these a majority are native born. Of the workingman's families 23.26 per cent. are supported wholly or partly by the wives taking in boarders or lodgers. Over one-fifth of the families depend in part on the labor of children. The average annual income of the workingman's family from all sources is $749.50, of which the man earns only 79.49 per cent.

ONE OF the most novel suits ever brought in Westchester county, New York, came up in the Supreme Court at White Plains yesterday. The complainant is suing a druggist's firm of Utica, to recover $50,000 damages from the firm for alienation of his wife's affections and loss of her services by reason of their having sold to her continuously for six years prior to January 1, 1903, large quantities of morphine. The promiscuous sale of poisonous drugs is one of the evils of the day and in many cases results in the wrecking of lives and the impoverishment of families. If men were held to a stricter account for the sale of such drugs much good would result.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Jan. 21.

Senator Smoot resumed the stand this morning to continue his testimony on cross examination at the inquiry being conducted by the Senate committee on privileges and elections. He began by correcting his testimony of yesterday, saying that he had learned since that the quorum of apostles did have the right to try one of its members. He made one or two other corrections of minor importance. In answer to a question, he said: "I believe the leaders of the church can receive revelation from God. If God gave revelations in early days, he can now. Any good man can receive revelations but only the president can receive those which would bind the church. They would be binding upon President Smith above the law of the land and if I received such a revelation it would be binding upon me. But I would want to know, and know positively, that it was a revelation of God. If it conflicted with the law of the land I should obey it, but I would first go to some other country. But a member of the church need not obey the revelation. Free agency is preserved in the Mormon Church. I am a free agent and free agency can not be taken away even by God. If he could, he could not judge me when I went to the bar to be judged."

Services in connection with the reception by Congress from the State of Kansas of the statue of John James Ingalls, late Senator from that State, were held in the Senate at 12:30 o'clock and in the House at 3 o'clock this afternoon. Mrs. Ingalls with her three daughters and her son were here to take part in the ceremonies. Of the Senators who were members of that body at the same time with Mr. Ingalls there are only 18 now left. Of these Senators, Allison, Cockrell, Platt, of Connecticut; Gorman, Spooner and Daniel, delivered addresses. Senator Long representing the State from which Mr. Ingalls came was the first speaker and offered appropriate resolutions. In the House Mr. Reeder, of Kansas, occupied the Speaker's chair during the proceedings and the following members made addresses in the order named: Messrs. Curtis, Clark, Gibson, Bowersock, Wiley, Hamilton, Scott Campbell, Miller, Calderhead and Murdock. The statue, which is already in position in Statuary Hall, is of marble and is a striking likeness. Mr. Champ Clark, in the course of his eulogy of Ingalls said: "Ingalls possessed the most copious and most gorgeous vocabulary of his day or of any other American orator except Henry A. Wise. Ingalls' speeches were composed largely of aqua fortis, dynamite and Greek fire. He was the most painstaking precision in the use of our vernacular who has appeared in our Congressional life. He polished his sentences until they glittered as a gem."

The first steps in the trial of the impeachment case against Judge Swayne, of Florida, will be taken in the Senate next week. It is expected that today the House will notify the Senate that articles of impeachmennt have been agreed upon and that it has appointed seven of its members as managers. The Senate will formally announce its readiness to receive these managers and it is expected that the first session of the Senate as a trial court will be held on Monday. Definite plans for the trial will then be made and Judge Swayne will be notified when he and his lawyers will be required to be present. The actual trial will probably begin towards the end of the week. While the whole Senate sits in judgment of the case it is desirable that the presiding officer should be present throughout the trial. Because Senator Frye, the president pro tem, is in poor health it is possible that some other Senator will be designated to preside. It is uncertain how long the trial will continue. The Statehood bill still remains to unfinished business and will occupy much of the time of the Senate next week as it has this. There is no indication of any break in the opposition and it seems to be impossible to pass the bill so long as it contains the provisions for uniting Arizona and New Mexico as one State. Next Saturday has been set apart for the delivery of eulogies on the late Senator Geo. F. Hoar of Massachusetts. The House next week will take up the post office appropriation bill, devote a day to claims bills, and consider the agriculture and Districts of Columbia appropriation bills, if any time remains. The committee on interstate and foreign commerce will continue consideration of railroad legislation, but there is little likihood that the question will reach the floor next week. The ways and means committee will hold daily sessions for the consideration of a Philippine tariff bill, reducing the rates on sugar and tobacco to 25 per cent of existing Dingley tariff rates. In the judiciary committee arguments will be heard on Wednesday looking to the adoption of the Little resolution instructing the Secretary of Commerce and Labor to investigate the steel trust.

Nothing new regarding the acute situation now existing in Venezuela had been received by the State Department this morning. It was learned, however, that President Castro of Venezuela has not only temporarily broken off diplomatic intercourse with United States Minister Bowen, but as well with all foreign diplomatic representatives accredited to the Venezuelan republic. While this fact is not regarded by the State Department as in any way relieving the United States of the responsibility of bringing Castro to terms, it is regarded as rather significant as indicating that Castro is not only aggrieved at this country, but at European powers as well.

Representative Pou, of North Carolina, secretary of the democratic caucus, this afternoon issued a call to the democrats to meet on Monday night. The notice contains nothing to indicate the reasons for the conference. John Sharp Williams, democratic floor leader, declines to discuss the purpose of the call. "Is it your purpose to resign the floor leadership? He was asked. "I must decline to answer," he said. "I dont's want the purpose of the call known in advance." It is generally believed that it is the desire to discuss railroad rate and Philippine tariff legislation.

The Secretary of State has received from all the neutral powers interested in the Chinese situation replies to his most recent note asking them to again pledge themselves not to violate the "administrative entity" of the Chinese empire, either now or at the termination of the Russo-Japanese war. The positive statement was made today at the State Department that all of these replies were most satisfactory. It is said that neither Russia nor Japan were addressed by the United States government recently regarding the preservation of Chinese territorial integrity. Only the neutral powers received this note.

Speaker Cannon this afternoon announced the following committee to prosecute the Swayne charges before the Senate: Palmer, Powers, Olmsted, Perkins, republicans; Clayton, De Armond, and Smith, democrats.

William J. Bryan was an early caller at the White House. "I merely called to pay my respects," said Mr. Bryan, "and you are safe in saying that there is no political significance in my call." In reply to questions Mr. Bryan said that he had about given up his law business and intended to devote himself to the platform and newspaper work. Senator Cullom, of Illinois, happened to come out at this moment and shook hands cordially with Mr. Bryan. "You are growing, sir, in more ways than one," said Senator Cullom, "but I have not yet given up hope of converting you. As soon as you get right on a few subjects I'll be more proud to know you than ever." "I'll have more chance to convert you, I think," retorted Bryan, "for you are a little older than I am." Mr. Bryan was shown into the Cabinet room where a number of visitors were already waiting for the President. The President at once came in and shook hands with him. Mr. Jones had arrived in the meantime and told the President that he had come along to introduce Mr. Bryan and also "to see that he dosen't break up any furniture." "I have been branded as a radical," said Mr. Bryan with a smile, "but I am not a dangerous character at all." "I'm very glad to hear that," exclaimed the President with a laugh. Mr. Bryan and the President then had a little quiet chat. "You can put the substance of our interview in a sentence" said Mr. Bryan after he had emerged from the President's office. "I told him that I was in thorough sympathy with him on every good proposition he has made. I endorsed his railroad rate legislation stand, and I agree with Mr. Garfield on the proposition to tax franchises. I have always been with the republican party on the good moves they have made and will continue to support them when ever they are right. I do not believe that good policies belong to any particular party. A great many people have called me a populist because I supported some of their ideas. I believe in many things that the populists do because I believe they are the best for the country. I believe in the income tax and think that the best way to bring it about is to amend the constitution. Of course a new income tax bill could be framed and passed by Congress but the decision of the Supreme Court against it would have an effect on future acts of that tribunal which would work to defeat the law." Mr. Bryan said that he would leave for New York tomorrow where he will remain until after the Progress and Poverty and Princeton dinners.

The War Department is informed that Capt. D. B. Mulliken, 27th Infanty, who was recently tried at Fort Sheridan, Ill., on the charge of making false statements and duplicating his accounts, was found guilty and has been sentenced to be dismissed from the army. Capt. Mulliken, so it was alleged in the charges, several years ago married a Filipino woman, but neglected to report the fact. On the contrary ever since his marriage he has reported himself to the military authorities as unmarried.

Mr. Hearst, of New York, introduced a bill in the House today directing the President to acquire the stock of the Panama Railroad, not owned by the United States. If stockholders refuse to sell at reasonable prices, the President is authorized to secure the stock by condemnation under judicial proceedings.

The Postmaster General today issued a fraud order against the National Diamond Association, of Allentown, Pa.

H. L. Bond, vice-president of the Baltimore & Ohio, and President David Wilcox, of the Delaware & Hudson, were heard today by the House committee on commerce on the proposed freight rate legislation. Mr. Bond declared that the present law, aided by the Elkins measure, is perfectly feasible and competent. If a change must be made, he suggested the creation of an equity court to pass upon the decisions of the Interstate Commerce Commission and the enlarging of the commission. President Wilcox opposed government control of railroads.

Representative Hepburn, of Iowa, chairman of the House committee on interstate and foreign commerce, today introduced his much advertised bill providing for the regulation of railroad freight rates. The bill is about 2,500 words long, and is divided into twenty-two sections. It provides, in brief, that the Interstate Commerce Commission shall regulate freight rates which it finds to be unreasonable, that there may be an appeal to a 'court of commerce" to be composed of five circuit judges of the United States; that appeal from the court of commerce shall be only to the Supreme Court of the United State: that the Department of Justice shall represent the Interstate Commerce Commission before the new court through an assistant attorney general; that the old Interstate Commerce commission be abolished and a new one of seven members appointed who shall draw $10,000 annually.

News of the Day.

All arrangements had been made at Pittsburg, Pa., yesterday morning to hang Reno Dardia for the murder of Thomas Sinclair. A man with an order from the Governor postponing the execution arrived at the jail just as Dardia was about to be conducted to the gallows. The condemned man seemed to be totally unconcerned at what was going on, and told those about him some time before the messenger arrived that he would not be hanged.

Thomas W. Lawson, of Boston, in his latest article on "Frenzied Finance," takes up "The Story of Amalgamated." He describes, in his own way, the financial system of the country and the manner in which "The System," as he terms it, is gradually getting legal control of the entire country. It will only be a few years, he says, when 10 men will be absolute legal owners of the entire United States and the rest of the people will be legally their slaves.

Fire yesterday entirely destroyed the new Mount Washington Methodist Episcopal Church at Pittsburg, Pa., entailing a loss of $50,000. The burned church was dedicated last September and contained a $5,000 Carnegie pipe organ. Later it was found that the church had been robbed of six solid silver collection plates. An attempt had also been made to force open the safe with a crowbar, but without success. It is supposed the church was fired accidentally by the thieves.

Virginia News.

Harry Leafe, of Winchester, aged 22 years, died in Portsmouth yesterday.

Joseph W. Kites, veteran superintendent of the Postal Telegraph Company, who recently retired, has suffered a stroke of paralysis.

Dr. H. M. Duncan has purchased the Meredith property in Manassas, and will, shortly, convert the same into a hospital and sanitarium.

The Front Royal Sentinal says: The Mercantile-Railway Building and Loan Association of Alexandria has sold to W. O. Heflin, of Linden, the H. Arthur Hall property, consisting of dwelling, stable, etc., and 10 acres, lying about half a mile south of Linden. Consideration $1,350.

Beyond the carrying away of Stiff's wharf on the Virginia side of the river by the ice, which occurs every winter, it is stated that all of the wharves remain unharmed so far this season, although the ice has been quite heavy once or twice. Last winter there was hardly a wharf left on the Potomac that was not more or less injured by the ice.

The West Virginia Senate yesterday adopted the House resolution declaring that West Virginia owes no part of the Virginia debt. Mr. Campbell offered a substitute providing for a committee of five to be appointed to secure data on the subject and prove to the representatives of the State of Virginia that West Virginia owes no part of the debt. The substitute was defeated.

John J. Garry, one of the largest contractors in southwest Virginia, died at his home, in Roanoke, yesterday, after an illness of two days, of heart trouble, aged 54 years. He was born in Ennis, Ireland, and came to America when a boy. He was well known in Baltimore. He was a prominent Elk and Knight of Columbus. He leaves a widow and six children.

Democrats to Caucus.

An important caucus of the democrats in the House will be held at the Capitol next Tuesday night. The call was issued by Representative Hay, of Virginia, chairman of the caucus, yesterday, at the request of Mr. Williams, of Mississippi, the minority floor leader. The object of the caucus is not known and causes much speculation. Mr. Williams said last night:

"No one, other than myself, knows just why this caucus is going to be held. I asked for it this afternoon. I have not told a living soul why I should like a caucus held, and do not intend now to divulge the reasons prompting me."

The request for the caucus was made by Mr. Williams immediately after the adoption of the provision in the army appropriation bill which is regarded as a direct slap at General Miles. In some quarters there is a strong belief that Mr. Williams felt that the democrats did not rally around him loyally when he demanded a yea and nay vote on this matter. The vote stood 202 yeas and 50 nays. Of the democrats 68 voted in the affirmative and 31 in the negative. In has been suggested that Mr. Williams may offer to relinquish his leadership, but this is not taken seriously by his closest friends.

It is pointed out that the vote yesterday emphasized, what has been evident for some time, that there is lack of cohesiveness among democrats with regard to policies.

Motor Car Bank.

The motor-car bank is the latest financial wrinkle. It has not yet reached America, but according to a report received by the State Department from U. S. Consul Halstead, at Birmingham, England, the scheme is being tried with success in the north of France. "The motor savings bank" writes Mr. Halstead, "stops in villages on stated days to receive such sums as thrifty country people, having saved, may be desirous of depositing in a savings bank. The motor car, which is electrically driven, carries a small safe, a desk with folding shelves for the depositors, with accommodations for two clerks and a cashier, and a seat for the driver."

For Benefit of V. M. I.

Representative Flood is preparing a bill which he will introduce in Congress to settle upon the Virginia Military Institute certain public lands, the income from which will be used as an endowment, and will extinguish the claim of the institute against the government for the destruction of its buildings and scientific apparatus during the civil war. The war department regards the Virginia Military Institute as ranking next to West Point as a military training school, and would like to see its usefulness enhanced, by giving it an increased capacity and increased facilities, and will favor the Flood bill.

Violets for McCue.

All sorts of rumors are afloat in Charlottesville in reference to the McCue case, but there is nothing tangible. The impression of the public is that McCue will be hanged February 10. The prisoner is quiet and has but little to say. He still has some hope of being saved from the gallows. He was visited yesterday in his cell by several sympathizing friends to whom he presented a bunch of violets when they retired. A box of these flowers has been sent the prisoner by a lady friend.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Today's Telegraphic News

CRISIS IN RUSSIA.

St. Petersburg, Jan. 21, 10 a. m.—There is no material change in the strike situation this morning. The movement continues to spread in all directions, and it is estimated that fully 150,000 workmen have now quit work in the various towns. Delegates from the workingmen of Moscow and Libau arrived in St. Petersburg this morning on the mission of securing the co-operation of Father Gohon in calling out the employes of those towns. Government officials profess no alarm regarding tomorrow's proposed demonstration before the Winter Palace, but despite these professions, of security, it can be said with authority that everywhere the occurrence is awaited with baited breath. There is not the slightest question that the demonstration may prove the end of the industrial crisis, or equally as readily the begining of a revolution which will shake Russia to her foundations. Should the demands of the strikers be met, or their petition which they propose handing to the Czar be met with conciliatory promises and deeds, all future trouble will probably be averted. If, on the other hand, the troops or some of the strikers commit some overt act, blood may be shed, and the spark be put to a magazine which would explode with a reverberation to be heard around the world.

The government is taking every precaution to curb any disturbance. Military forces will be posted at strategic points, but concealed in the neighboring house as much as possible, for even the reactionists have no desire to excite the strikers by a too open display of force.

Should a collision occur, the result would be nothing less than a wholesale massacre before the very eyes of the Czar. The strikers claim they will go to the palace unarmed, and even did they carry arms, they would have no chance before the soldiers firing upon them from sheltered positions. There is a general belief that no such lamentable occurrence will take place.

The Czar is now in consultation with his chief advisers as to whether it would be advisable for him to show himself in front of the palace during the demonstration. He is understood to incline to to the view that it would be best for him to do so, and that his advisers acquiesce in this opinion, but no final decision in the matter has been reached.

One of the results of the present agitation is that the intrigues against Prince Sviatholsk-Mirski, the Minister of the Interior, have ceased. The whole autocracy fully understands the dangerous position of affairs, and except for a few hot-heads in their midst, believe that should Prince Mirski be superseded at this time, the strikers would regard it as a challenge thrown them by the reactionaries. This might readily cause precipitation of the much feared trouble between labor and the government. The strikers assembled in the streets early this morning, and continued to show a complete lack of truculence. They are marching about quietly, delegations visiting various factories persuading the employes to cease work. Secret police have been assigned to follow the strikers and keep the authorities in touch with every thing that is done. Thus far these officers have shown no inclination to interfere in any way with the peaceful propaganda which the strikers are carrying on.

Considerable anxiety is felt regarding the attitude of the railway and telegraph employes, whose adhesion to the strike would disorganize the whole country. It is understood if they join the strike, the government will call them to join the color, as reservists, and then order them to return to work under army regulations. If they refuse to comply with this demand they will be treated as deserters from the army. None of the printers who yesterday were persuaded to quit work, have returned to their posts and as a result St. Petersburg is today without a newspaper. Violent socialist proclamations are being circulated today calling for a general uprising. As no plans are proposed the proclamations are having absolutely no effect on the strikers. A regiment of Uhlans were today drafted into the winter palace for the further protection of the Czar, and several guns are being prepared for mounting in the palace court yards.

Hundreds of students are today joining the ranks of the strikers. At a number of meetings yesterday evening these students, in company with a large number of strikers, raised the cry of "We want no more war. What is Manchuria to us?"

The strikers have notified the government that they have selected a corps of 400 picked men, who will act as a bodyguard to the Czar in the event of his agreeing to confer with their leaders. The members of this bodyguard have sworn to sacrifice their lives for the Czar in fulfilling this guarantee of his safety. Should he consent to a conference, they will surround him completely, and prevent any possibility of any one with a nihilistic frame of mind coming anywhere near his majesty's person.

St. Petersburg, Jan. 21, 2. p. m.—The opinion is rapidly growing that the government will be compelled to concede the demands of the strikers.

St. Petersburg, Jan. 21.—The committee of the strikers' union have issued instructions that everything be done as quietly as possible and that no violence be offered the police.

Traffic in the streets has hardly been interfered with by the strikers, but the public is growing nervous and excited, fearing that this quiet propaganda cannot last.

The strikers have received a report that the government intends to arrest Father Gohon, their leader. A body guard of forty stalwart men has been appointed to accompany the priest everywhere and protect him from official interference.

The manifesto issued by the socialists read: "We have suffered enough. Comrades, let us join the St. Petersburg workmen who have resolved as one man, to stand firmly for their just rights. We want elective legislative assemblies. Down with autocracy. Down with the war. Long live the Russian socialist party."

There was some rioting reported this afternoon. A number of strikers forced an entrance to several of the factories where work had been continued. The strikers smashed the machinery and maltreated the employes.

The provisional council of Kursk has forwarded to Czar Nicholas an address asking for constitutional reforms.

Paris, Jan. 21.—A telegram from St. Petersburg this evening states that at a series of conferences today between the Ministers, the police authorities and the employers, it was decided to resist the strikers' "demands."

Rouvier to Form Cabinet.

Paris, Jan. 21.—M. Maurice Rouvier has accepted the task of forming a new cabinet. The choice of M. Rouvier as premier of a new cabinet is the result of three days of consulation between President Loubet and the leaders of the victorous parties in the Senate Chamber of Deputies. It has been stated that President Loubet's aim is to obtain a concentration ministry, or one in which all the main parties will be represented. The object of this is to give every side of a question a thorough hearing in the council chamber. Early this morning the President summoued M. Rouvier to the palace and formally offered him the premiership. Rouvier, who had been expecting such a summons for several days, accepted the trust and immediately went into conference with the political leaders regarding the personnel of his ministry. The new premier is a radical republican.

Neidringhaus Confident.

Jefferson City, Mo., Jan. 21.—Thos. K. Neidringhaus, Friday, suggested the course the intends to pursue if he is declared beaten in the race for the United States senatorship from Missouri, when he said: "I feel, today, that I am virtually United States Senator from Missouri. I was nominated by the republican caucus and the nomination was made unanimous. This action was ratified by the two branches of the General Assembly in separate session, lacking but two votes. I consider that further action of the Assembly is mere formality."

Will Be No Strike?

Philadelphia, Jan. 21.—There is every reason to believe that there will be no strike of trainmen on the Pennsylvania Railroad, and that the questions that threatened industrial warfare will be compromised by the company and its disgruntled men. An amicable agreement is expected to be reached this afternoon, when another conference will be held by W. W. Atterbury, general manager of the road, and P. H. Morrissey, the leader of the labor forces. The nature of the projected compromise is not definitely known.

Thirty-two Persons Perish.

Madrid, Jan. 21.—Thirty two persons lost their lives in a fire of incendiary origin at Cetins, near Saragossa, yesterday. Some unknown persons set fire to the homes of seven families and before aid could reach them, practically all the inhabitants of the house were burned to death. It is supposed the crime was the result of a long standing feud.

New York Stock Market.

New York, Jan. 21.—The early strength of the market was largely confined to specialties. The transactions were professional to a considerable extent. There was little feature to the industrial group, but prices held fairly well. The market at present is suggestive of decided unyielding strength.

Fifty-Eighth Congress.

Washington, Jan. 21.

SENATE.

When the Senate met today, the credential of Senator-elect Hale were read and ordered filed.

Upon a resolution introduced by Mr. Elkins, chairman, the committee on interstate commerce was given permission to sit during the sessions of the Senate. It is the intentions of the committee to begin hearings on railroad rate legislation.

HOUSE.

Chaplain Couden in his prayer, when the House convened today, said: "There is so much that is bad in the best of us and so much good in the worst of us, that it hardly behooves any of us to talk about the rest of us."

In committee of the whole, the Indian appropriation bill was considered, the appropriation for the District of Columbia carrying a total $10,888,034, an increase of $1,493,400 over the current appropriation having been first submitted.

Shot by a Negro.

C. A. Wagoner, a carpenter of Lexington, Ky., was perhaps mortally wounded in his own home yesterday. He told the police that a negro had entered his house and made an attempt to assault his wife, and in his endeavor to protect her he was shot by the negro, who made his escape. Sixteen men have been arrested on suspicion. There are conflicting stories concerning the crime, and the police are investigating Wagoner's story. It was learned later that half an hour before the negro attacked Mr. and Mrs. Wagoner he also attempted to assault Mrs. Louis Jones, living five squares from Wagoner's home. In the struggle Mrs. Jones seized the negro's revolver, and he pulled a leaded stick from his pocket and beat her into insensibility. It is feared she will die. Mrs. Jones's husband, a railroad man, had just left the house to go to his train. Passersby rushed in and the negro ran. Bloodhounds taken to the Wagoner home followed the trail for a short distance, when they lost the scent and were called off. Posses are scouring the country with a good description of the negro.

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a sympton of some disease, and the disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by Gibson & Timberman and W. F. Creighton & Co.

Woman Smoker a Suicide.

Because her husband upbraided her for smoking cigarettes, a habit which had undermined her health and which she could not conquer, Mrs. Sadie Thompson, wife of Robert Oliver Thompson, sexton of the Oak Park Episcopal Church, of Chicago, swallowed a dose of corrosive sublimate and died after a lingering and agonizing illness. While she was in the fatal grip of the drug the sight of her grief stricken husband and little daughter renewed her desire for life, and, although a physical wreck, she prayed that she might live for her family's sake. According to the testimony of Thompson at the inquest, his wife had been addicted to the cigarette habit for seven years. "We have often had angry words over it," said Thompson, "and she often had tried to break herself of the habit, but she would always go back to it again. She was nervous and irritable because of the smoking and once before, four years ago, she tried to kill herself by taking morphine.

Against the Packers.

The Interstate Commerce Commission yesterday announced its decision in the Chicago Live Stock Exchange case, sustaining that organization's complaints of discrimination on the part of railroads that exact higher rates for transporting cattle and hogs than for carrying live-stock "products" to Chicago from points west, northwest and southwest, including Missouri river points and South St. Paul, Minn. The exchange made the complaint against the Chicago Great Western and other railways engaged in this traffic. The commission holds that the discrimination is not justified in any way, and subjects the live stock interests to unreasonable prejudice and disadvantage, giving to the traffic in the "products" of live stock unreasonable preference. The commission reaffirms its previous decision in the Chicago Board of Trade case, and extends the principle therein announced to the transportation of cattle and their products.

Board of Education.

The State Board of Education has issued the following: "In conformity with Section 132 of the Constitution of Virginia and the statute enacted in pursuance thereof, the State Board of Education will divide the State into appropriate divisions, combining the smaller counties and cities into larger units for supervision and administration. This will be done some time in January or February, 1905. As soon as the work of redistricting the State is completed, blank forms of application will be printed and sent to those who desire them.

"In April or May the board will appoint division superintendents for the term of four years beginning July 1, 1905."

A result of Minister Bowen's insistence that an understanding must be speedily reached in the asphalt controversy involving the rights of the New York and Bermudez Company to lakes in Venezuela President Castro, of the country, has broken off relations with the Minister and the situation is regarded as serious in Caracas. Attorney-General Moody is investigating the whole controversy and it is possible United States warships will be sent to Venezuelan waters in the spring.

Now and Then

The smoke law in Washington, if not what some term a paramount issue, is certainly a burning and cloudy issue between the lawmakers and the lawbreakers—the smoke takers and the smoke makers. Residents of this city near the Southern Railway yards complain of the dense smoke emitted from the chimneys of the shops, as well as from the huge locomotive smoke stacks in Alexandria. The traffic along the lines now used for trains going north and south is enormous, and increases each year. This has of necessity caused the discoloration of monuments and head stones in the cemeteries on the line of the railroads. Much of this will be lessened—largely minimized, when the through traffic passes along the new construction west of the city and our neighbors of Fairfax county can get the smoke. That we progress is self evident, and that we now content ourselves with what many of those of decades ago considered nuisances is obvious. That Alexandria more than half a century ago had, as now, a large number of "Mr. Fixits" is recalled by a short local in the Gazette of Tuesday, December 11, 1849, as follows: "The vote yesterday on the question of permitting the Orange and Alexandria Railroad Company to use steam through the town east of their depot, was reported to us at a quarter past 4 o'clock when it stood—for steam power 263, against it 181, majority 82 It is believed the result will not materially vary from this." Fifty-five years have passed since that day, and those now living who may have voted on the question are nearing their four score years. Much surprised would be the one hundred and eighty one, now numbered, it is hoped, with the celestials, could they return to the army of the terrrestials and witness with what complacency we welcome such things, and apparently are not more alarmed at smoke than they were at steam. The Rev. Jno. Jasper declared that "the sun do move sure;" certainly something has been moving since 1849, as we contrast now and then.

Funerals.

The funeral of the late William Ennis, who died last Thursday afternoon, took place from the residence on south Lee street this afternoon. The services were conducted by Rev. Dr. Frank J. Brooke, and the pallbearers were: W. H. Yeatman, W. A. Smoot, P. F. Gorman, G. W. Ramsay, B. F. Bettis and J. W. Garner. A number of friends and relatives of the deceased attended the funeral.

The funeral of the late Norfolk Kerby took place this afternoon from Demaine & Son's undertaking parlors. The services were conducted by Rev. Father Cutler, and the pallbearers were members of the Hydraulion Veteran Firemen's Association. The services were attended by relatives and friends of the deceased.

In Race to the End.

"You may say that I am in the race of the finish, no matter how many or how few candidates there may be," said Hon. J. R. Caton, of Alexandria, to a representative of The Times-Dispatch, Thursday. "I am no quitter, and having once announced myself, I feel that I owe my friends the duty of remaining in the race." Mr. Caton is still in the city and will probably remain for a day or two. At his rooms at Murphy's and in the lobby he has met many friends. Thursday afternoon he met Hon. J. Taylor Ellyson, who is regarded as a prospective candidate. The two are old acquaintances. Their conversation Thursday, it is understood, consisted of the customary greetings between friends, and the subject of their rival aspirations was not discussed.—[Richmond-Times Dispatch.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

George Butler, colored, arrested by Officer Allen for cruel treatment to a horse, was fined $5.

Lillie North, arrested by Officers Ferguson and Arrington charged with assaulting and beating Mary Williams, forfeited $5 collateral by failing to appear.

Garldine Johnson, colored, arrested by Officers Ferguson and Arrington for disorderly conduct, was fined $2.50.

Ida Fuller, colored, charged with disorderly conduct, was fined $2.50.

Two shirts were stolen from a line in the yard of the residence 815 Queen street last night.

Mr. and Miss Duffy, of Alexandria, attended the masquerede party here last Friday night and were the guests of Miss Ruth Smith.—[Manassas Journal.

Mr. E. Hyland Brawner, of Alexandria, Va., was a vistor to his friends in Pomonkey during the week.—[Maryland Independent.

P. S. Healy, a well-known contractor of Alexandria, is visiting his friend, John H. Thompson, at Fork.—[Warren Sentinel.

Mr. and Mrs. Everette Ried who have been spending a few days with Mr. and Mrs. W. N. Merchant at "Bannockburn," near town, left here on Wednesday for a few days visit to friends at Nokesville, before returning to their home in Alexandria.—[Prince William Times.

Mr. Thomas Walsh, an old and esteemed resident of Fairfax county, was stricken with paralysis at his home, "Burgundy," near this city, yesterday evening and is in a precarious condition.

Mr. Joseph S. Beach, whose illness was mentioned yesterday, was thought to be better today.

Mr. H. Bloch today received a letter from his wife stating that she had arrived safely at her father's home in Germany, after a very pleasant trip.

Mr. Park Agnew, Collector of Internal Revenue for this district, and Mr. Joseph L. Crupper, postmaster of this city, left this morning for Lynchburg, to attend a special meeting of the State republican committee in that city. Mr. Agnew before leaving announced his determination to resign as chairman of the committee.

Rev. Flournoy Menefee, president of Washington College, will occupy the pulpit at the Baptist Church at both services tomorrow

Will Attend the Meeting.

Mayor Paff today received a telegram from Major Myers, of the Richmond, Fredericksburg and Potomac Railway, announcing that he would be present at the meeting of the Council committee and others interested in transportation facilities between Alexandria and Washington. The meeting will be held in the rooms of the Business Men's League at 4 o'clock Monday afternoon. It has often been suggested if steam trains could be run between the two cities at certain hours in the morning and evening the present congestion on the electric railway could be relieved in a measure. In any event it could be relieved temporarily or until the electric railway company can double-track its road and receive additional rolling stock, when it will be in a position to meet all demands for transportation.

Delightful Entertainment.

The Young Ladies' Social Club was delightfully entertained at the residence of Miss Annie Moore on south Lee street last evening. Miss Viola Mason, the secretary of the club, furnished several catching selections on the piano. Singing and dancing were also amusements of the evening. Refreshments were served and at a late hour the happy guests departed. Among those present were Miss Merele Goldsmith, Miss Grace Chauncey, Miss Viola Mason, Miss Rosa Bucher, Miss Ruth Heishley, Miss Annie Moore and others.

Work Stopped on Highway Bridge.

Col. Leach, in charge of the Potomac river improvements, has reported to Gen. Mackenzie, chief of engineers, that the work of constructing the highway bridge across the Potomac has been practically suspended until spring. Floating ice, winds, and the low temperature are responsible for the slow progress. The piers and the completed superstructure have been made secure for the winter.

The Market.

There was another meagre supply of country produce in market this morning. Eggs sold at 30 cents a dozen, butter 28 cents a pound, and dressed chickens from 35 to 65 cents each. Some young pork was on the benches of country people. Fore quarters brought 12½ cents a pound and hind 15 cents. The supply of vegetables was small, but prices were unchanged. There was an abundant supply of fresh fish of many varieties.

Took Overdose.

Charles Miller, a farmer from Alexandria county took an overdose of medicine which contained laudanum in Washington yesterday morning. He was found at the corner of Ninth street and Louisiana avenue northwest in a semi-conscious condition from the effects of the drug and was sent in the ambulance to the Emergency Hospital, where, after treatment, he was pronounced out of danger.

Pretty German.

The Alexandria German Club gave another of their pretty dances at McBurney's Hall last night. The hall was gaily decorated, the music was fine and a delightful supper was served during the evening. The dance was led by Judge Barley with Mrs. Berner, of Philadelphia, formerly Miss Lyons, of this city. A number of strangers were present and greatly enjoyed the evening.

Official Visit.

Mr. C. B. Marshall, of this city, District Deputy Grand Master of Masons for this district, will on Wednesday night next, the 25th inst., pay an official visit to Henry Lodge at Fairfax. He will be accompanied by a number of Alexandria Masons.

Negroes in a Fight.

A fight occurred this morning between two darkeys on the west side of Fayette street, between Cameron and Queen, when one of the belligerents drew two knives and his adversary armed himself with a brick. They stood at a safe distance from each other with blood in their eyes, but neither had the nerve to advance. They finally walked away in opposite directions. People living in the neighborhood say former scenes are being re-enacted in that vicinity. The energetic action of the police some time ago had produced a serenity which it was hoped was to pepetuated.

Accident to a Train.

North bound passenger train No. 34 of the Southern Railway "split a switch," in railroad parlance, at Amherst at an early hour this morning, and the tender of the engine and the express and mail cars were derailed. Fortunately no one was hurt. The accident gave rise to a rumor that a serious dis... had happened to the north bound passenger train on the Manassas branch and that loss of life had resulted. The true facts in the case afforded great relief to those who have relatives and friends employed on that train.

Thrown by a Train.

Mr. Henry Davis, an employee at the Southern Railway depot in this city, had his face badly cut and body bruised at the intersection of Prince and Henry streets at an early hour this morning. Mr. Davis had stepped on the platform of a car of a northbound passenger train for the purpose of riding as far as Prince street and in attempting to alight was thrown to the ground with the result stated above.

The Gazette.

On January 2nd the Alexandria Gazette entered its 106th year. It is possible, but not probable, that any of its contemporaries can boast of such a long and successful publication The files of our old friend would be a far better history of the old commonwealth, certainly a more truthful one than some of the machine made partizan attempts of late years. Well may the family in whose hands the Gazette is, and has been, during all its journalistic life feel proud of its record. May the sunshine of its prosperity never grow dim and may its future be full of well merited prosperity.—[Marlboro, Md., Gazette.

SATURDAY EVENING, JAN. 20, 1905.

Mrs. Rogers Must Hang.

Governor Bell of Vermont refused to interfere to save Mrs. Mary L. Rogers, who is to be hanged on February 3 for the murder of her husband.

"I wish I could save her," he said after seeing Mrs. Rogers in her cell in the Windsor jail, "but I cannot."

The Governor spent half an hour with the woman, and at the conclusion of the interview he pronounced the words that seal her fate. She had asked that he come and see her. Because her letter was exceptionally unemotional, logical and far above the kind a woman of her environment could write, he came.

If he had believed he would have to confront a woman of a low brutal order, who would abuse him when denied her life, he was disappointed.

There was no emotion in the reception accorded the Governor of the State, who held her life in his hand. Quiet, gentle of voice, earnest and avoiding any appeal to his emotions, she told her story. She made no effort to excuse the motive that caused her to first cajole her husband, then to tie his hands and smother him with chloroform, and have his body thrown into the Wallohoosac river at midnight three years ago. She told how she had been tempted to marry a man 40 years old when she was a schoolgirl of 15. Six hundred dollars, the value of a life insurance policy offered her by Rogers, had won her consent. Love came to her a year later while, with a baby in her arms, she was a household drudge. The man, Morris Knapp, of Bennington, never even knew that she loved him. She grew to hate her husband and baby, the first because he had taken her girlhood and given her maternity while other children were going to school; the second because it was his child. Quietly and matter-of-fact the woman, now 22 years old, told the story. The Governor listened. Then he arose to his feet and looked for his hat. He saw there was not an extenuating circumstance upon which he could conscientiously save her life. "Goodby," she said, and she extended her hand. When the Governor turned the end of the corridor he looked back. The lithe form of the young woman in the bloom of her youth, clad in black, was in the doorway. In her eyes were—? The Governor hurried his steps. The sitting-room door closed quietly. It had been the last hope. It was gone.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three $1 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and $1. Trial bottle free at E. S. Leadbeater & Son's drug store,

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. This liniment is for sale by Gibson & Timberman and W. F. Creighton & Co.

Tonic to the System.

For liver troubles and constipation there is nothing better than DeWitt's Little Early Risers, the famous little Pills. They do not weaken the stomach. Their action upon the system is mild, pleasant and harmless. Bob Moore, of LaFayette, Ind., says: "No use talking, DeWitt's Little Early Risers do their work. All other pills I have used gripe and make me sick in the stomach and never cured me. Dewitt's Little Early Risers proved to be the long sought relief. They are simply perfect." Persons traveling find Little Early Risers the most reliable remedy to carry with them. Sold by all druggists.

All who use Atomizers in treating nasal catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 56 Warren St., N. Y.

New Orleans, Sept. 1, 1900.

Messrs. Ely Bros.:—I sold two bottles of your Liquid Cream Balm to a customer, Wm. Lamberton, 1415 Delachaise St., New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results.

Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local imflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.
